

Explore your Area

A walking card game by Ryan Kubik

To play **Explore your Area** you need this reference sheet and a standard 52 deck of playing cards.

Rules:

1. Shuffle a standard 52 card deck of playing cards
2. Draw a card
3. Walk to a location where you can take a photo of what's on that card
4. Take a photo of that card location
5. Repeat steps 2-4 until you want to stop walking

Optional Rules:

- The next location must not be in line of sight from your last location
- Locations must be at least a ten minute walk apart
- Work your way through the whole deck before re-shuffling
- Don't revisit the same location for the same card, go to a new park! Use your photos as a reference.
- Remove cards you don't like, add ones you do. Tell me what they are!
- If you draw a card you can't do, draw a new one. Be careful not to underestimate yourself though!
